EDUCATION

Shanghai Theatre Academy	Bachelor	Digital Art Design	Sept. 2025–Jun. 2028
Qingdao University	Master	Industrial Design	Sept. 2019–Jun. 2023

WORK EXPERIENCE

Shanghai Timewith Co., Ltd.	Mar. 2025–Jun. 2028	Product Design Intern
- Conducted competitive analysis to refine the mini-program’s homepage information architecture, directly improving navigation clarity and user satisfaction. - Designed brand brochures and e-commerce product pages, ensuring visual consistency with the “warm tech” identity; collaborated closely with developers to implement design specifications.		

PROJECT EXPERIENCE

Affective Interaction Design for Emotion Regulation
- Designed a mobile app focused on emotion regulation, integrating art therapy and Kansei engineering to help users relieve stress and anxiety. - Identified six core user needs through research: warm color schemes, privacy, nature-inspired healing, audiovisual harmony, gentle interactions, and personalization; delivered a high-fidelity interactive prototype.
Cultural Digitalization Project: Dunhuang Immersive Experience Center
- Conducted literature reviews and user surveys (including questionnaires) to extract visitor needs, and redesigned the spatial flow to improve exhibition space utilization. - Developed a conceptual plan featuring four core modules: artifact display, interactive light & shadow zone, cultural cinema, and mural restoration workshop, creating a complete cultural experience loop.
The 8th China International College Students’ “Internet+” Innovation andEntrepreneurship Competition
- Led a cross-disciplinary team (industrial design, quality & standardization), coordinated project timelines, and communicated with advisors to ensure progress. - Managed task allocation, wrote sections of the proposal, produced the roadshow PPT, and led product design. - Analyzed the indoor planting device market under campus greening policies, summarized existing products, built user personas and journey maps, identified pain points, and designed a stackable wall-mounted smart planting device. Successfully completed as a national-level project.

SKILLS&LANGUAGE

Languages: English(CET-4 & CET-6), Mandarin (native)
Professional Skill: Design & Prototyping: Figma, Adobe Creative Suite (Photoshop, Illustrator, InDesign, etc.), C4D, TouchDesigner
